

Program Partnership Opportunities

AINE'S CIRCLE

\$10,000

Our work is in memory of Aine, who was dedicated to helping others, even at eight years old. Her spirit inspires our staff, our volunteers, and our families.

COMPANIONSHIP

\$5,000

Companionship is the deep commitment to walk beside someone for as long as it takes. It reflects trust, endurance, and care in action. Your support at this level sustains our full range of programming so that grieving children and families continue to find community, understanding, and hope at every stage of their journey.

SOLIDARITY

\$2,500

Solidarity means standing together through life's hardest seasons. It is the shared understanding that no one has to navigate grief alone. Your support at this level strengthens our network of trained facilitators and volunteers who walk alongside families, offering steady presence and compassion week after week.

LISTENING

\$1,000

Listening is at the heart of healing. In our peer support model, it is through being heard and learning to hear others that children and families can feel they are not alone in their grief. Your support at this level helps ensure our groups remain a safe space where every story can be spoken, received, and honored.

PRESENCE

\$500

Presence is the foundation of our work at Friends of Aine. By showing up for themselves and for each other each week, the children, teens, young adults, and caregivers who walk through our door take the first step on their path to a hopeful future.
